Beaucham Administration
Executive Branch
Student Government of the University of North Florida

President Beaucham,

Student Government has been an incredible, rewarding experience. Since my time as Project Manager, I have immensely enjoyed the productive, student centered environment. When I assumed the role of Osprey Productions Director under the Mims-Poppell administration, I was excited to once again take part in service. There have been many changes in Student Government this year and I have attempted to navigate and adjust to these changes to the best of my ability. Unfortunately, I believe the situation and circumstances have altered in such a manner as to be an obstacle to selfless, efficient service to the students of the University of North Florida.

This was a very difficult decision, as I have grown incredibly passionate about Osprey Productions and wish to see its continued success. This choice to leave Student Government is not a reflection of any member of Osprey Productions, as I could not have asked for a better team. Instead, it is a practical realization that I cannot continue working in this environment. It is increasingly difficult to complete the responsibility and duties of Osprey Productions Director under the current Administration's decisions, leadership style, and lack of effective communication.

In closing, I sincerely wish the best for the remaining few months of this Administration. Please accept this as an official notice of my resignation. My last day will be January 26, 2018.

Sincerely,

Rachel Bryant
